Amy, we missed you.

Thanks to everyone who was able to attend. I think it was a productive meeting and, hopefully, helps to define a way forward. I think we can agree that the schools issue and its resolution is critical to any decision.

Apologies, but a matter has arisen that I must address, so I will not be able to join today's discussion.

I look forward to hearing what occurred.

Charlie and Justin,

I wanted to propose we hold a small meeting involving the people copied here as well as a co-President of the Fernbank PTA to discuss the schools issue(s). This is a complex issue which, if not handled properly, runs the risk of pitting the school community against annexation. Such opposition, in my opinion, would likely carry the day. The "solutions" I have heard to date are neither realistic nor in the best interests of the school community. I think it would make sense to schedule this meeting in advance of the proposed larger meeting on September 15th.
